

ITEXMI Xpods Power

True Wireless Earbuds

I. Important - Warnings and Safety Instructions

1. To prevent accidental ingestion, keep the earbuds out of reach from small children and pets. The earbuds contain a lithium battery, which may pose a hazard if swallowed. If swallowed, seek immediate medical attention. When not in use, store the earbuds in the charging station.
2. When inserting the earbuds into your ears, start with a low volume and gradually adjust to a comfortable level.
3. Be aware that prolonged use at high volumes may cause hearing damage.
4. Prioritize your safety and the safety of others. We advise against using the earbuds while driving or cycling, or in any situation where the inability to hear ambient sounds may present a danger.
5. If you experience a warm sensation or loss of audio, remove and disconnect the earbuds immediately.
6. Avoid placing the product near heat sources such as fire, radiators, stoves, candles, or any other equipment that generates heat.
7. Use only the accessories supplied by Itexmi.
8. Unplug the Charging Case once the earbuds are fully charged, when not in use for extended periods, or during lightning storms.
9. We recommend referring all servicing to qualified personnel. Servicing is required when the device has been damaged in any way. Any evidence of tampering with the device, including scratches, peeling, puncturing, or removal of any labels, will void the Limited Warranty.

CAUTION: Do NOT use the earbuds while swimming or showering.

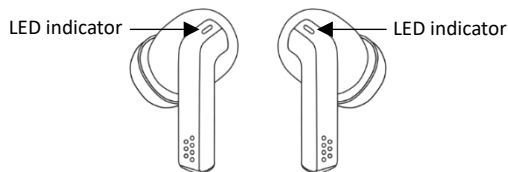

II. In the Box

1 x Itexmi Xpods Power (Charging Case + 2 x Earbuds) | 1 x USB Charging Cable | 2 sets x silicon tips |

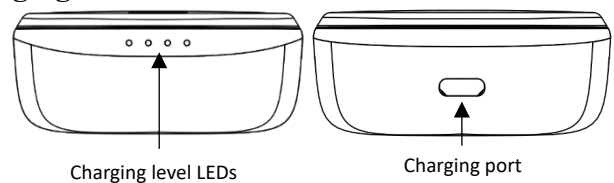

1 x Quick Start Guide

Single Tap (L/R earbuds)	During Calls: Receive Incoming Call	During Calls: End Call

IV. How to Wear

- Insert the earbud into the ear.
- Adjust and rotate the earbud until it fits comfortably and the microphone is pointing towards your mouth.

V. Charging

With up to 12.5 hours of playback time in the earbuds and 4 times recharges in the charging case, Itextmi Xpods Power provides up to 60 hours of playtime.

1) Earbuds

- The earbuds charge while they are in the Charging Case.
- Place R and L earbuds in the Charging Case. The blue light appears on the Charging Case, indicating that it is in charging mode.
- The LED disappears when the earbuds are fully charged, and the Charging Case will automatically switch off to stop charging.
- It takes approximately 30 minutes to fully charge the earbuds.

2) Charging Case

- Plug the Charging Case into a USB Power Supply using the provided USB Type-C charging cable.
- While charging, the LED turns red and flashes. Once fully charged, it turns solid white.
- Allow up to 2 hours to completely charge the Charging Case, or about 2 hours 30 minutes for the Charging Case with earbuds.

Disclaimer: Please use only the Type-C charging cable for charging.

VI. Bluetooth Pairing

1) TWS Mode

- Take out any of the earbuds from the Charging Case. The earbud will flash once it is switched on.
- The earbud will flash red and blue alternately, indicating that it is ready to pair with a device.
- As it flashes red, ensure that Bluetooth is enabled on your device. Find the device list and select “ITEXMI X-Power”. Once the Bluetooth connection is successful, you will hear a “connected” beep, and it is ready to play.
- The other earbud will automatically connect with the first one as soon as it is taken out from the charging case and switched on.

2) Single Earbud

- Take out any one of the earbuds from the Charging Case. The earbud will flash once it is switched on.
- The earbud will flash red and blue alternately, indicating that it is ready to pair with a device.
- As it flashes blue and red alternately, ensure that Bluetooth is enabled on your device. Find the device list and select “ITEXMI X-Power”. Once the Bluetooth connection is successful, you will hear a “connected” beep, and it is ready to play.

Note: Both buds can be connected separately with two different mobile phones and can be used as a single earbud.

VIII. Care and Maintenance

1. Switch off the earbuds before cleaning.
2. Use a soft, damp cloth to clean the surface.
3. Avoid using chemicals, solvents, or cleaning solutions containing alcohol, ammonia, or abrasives.
4. Prevent any liquid from entering any of the openings.
